

Dunelm Medical Practice

Non-NHS – Private and Professional fees

Patient Information

Dunelm Medical Practice does not have any private patients or offer private clinics. During the Covid Pandemic our Partner's took the decision not to offer private medical's, taxi and HGV for example, as their time and clinical rooms are needed for NHS work. Services that fall outside of our NHS contract are undertaken in the Partner's own time and therefore attract a fee.

These fees are a guideline and the amount charged depends on the work involved. Completion of any non-NHS work is at the discretion of the partners, who reserve the right to refuse.

Payment must be made prior to the completion of the work.
